

# Business 2 Business

## Business 2 Business

If you are a business and like the look of us and our products, we would be interested in hearing from you.

We welcome enquiries from large or small businesses ? we support small businesses as we remember what it was like starting out and the ?minimum quantity? response to our initial enquiries. Therefore, we work on a NO MINIMUM ORDER policy.

The Benefits of Working with Digi-Quick

1.

**Some of the lowest, if not the lowest prices in the UK**

? we buy in bulk, to ensure that we can pass the cost savings on to our customers. The more you buy, the bigger the discount. All our prices include VAT.

2.

**Friendly communications** - we carry out our communications very openly and honestly with you. We are here to help whenever we can and like to think of ourselves as flexible. Where possible, we will always try and **accommodate your needs.**

3.

**Fast shipping** ? if we receive cleared payment before 10am, we can ship the same day to ensure that you receive your order the next morning.

4.

**Quality products** ? as we also sell direct to end users, we ensure that all the products we stock are fully tested for quality and reliability.

5.

**Stock** ? we have regular shipments from the Far East and we operate a highly effective stock management system, which ensures that we are well stocked for your orders.

6.

**After sales** ? We take our after sales service very seriously. Should you, or one of your customers, want to return a product for any reason, we can supply you with a replacement or a refund, depending on the circumstance.

7.

**Sourcing** ? We have developed numerous relationships with manufacturers in the Far East and can source a particular product or product line on your behalf, at your request.

If you want to talk more, please get in touch and let us know the kind of business you are in and which products interest you. Contact Sam's at [sam@digiquick.co.uk](mailto:sam@digiquick.co.uk) welcome.
