Cookies

We use cookies on this site to ensure the integrity of the registration process and to personalise the site. A cookie is a small text file that is placed on your hard disk by a Web page server. Cookies cannot be used to run programs or deliver viruses to your computer. Cookies are uniquely assigned to you, and can only be read by a Web server in the domain that issued the cookie to you.

One of the primary purposes of cookies is to provide a convenience feature to save you time. For example, if you personalise a web page, or navigate within a site, a cookie helps the site to recall your specific information on subsequent visits. This simplifies the process of delivering relevant content, eases site navigation, and so on.

You have the ability to accept or decline cookies. Most web browsers automatically accept cookies, but you can usually modify your browser setting to decline cookies if you prefer. If you choose to decline cookies, you may not be able to fully experience the interactive features of this or other web sites you visit.
